- نبذة قصيرة عنك About me

I'm Marwan Badran, an aspiring Data Analyst with a background in Accounting and Commerce. While I'm still at the beginning of my data journey, I've developed a strong foundation in tools like Python, SQL, Excel, Power BI, and Tableau.

What I might lack in years of experience, I make up for in curiosity, dedication, and a strong desire to learn. I'm passionate about transforming data into insights that can solve real-world problems and help businesses grow.

I'm constantly improving my skills through hands-on projects and learning new tools — and I'm always open to opportunities to collaborate and grow.
